EDUCATION

New York University, Tandon School of Engineering | Brooklyn, NY Sep 2026 – May 2028
M.S. in Urban Data Science | CUSP Rising Scholar

Northeastern University, Khoury College of Computer Sciences | Boston, MA Aug 2025
B.S. in Computer Science | GPA: 3.5/4.0

TECHNICAL KNOWLEDGE

Programming & Data: Python, R, SQL, JavaScript, pandas, Microsoft Excel
Visualization & Web: Matplotlib, HTML/CSS, React, Figma, GitHub
Research & Policy: Literature synthesis, qualitative & quantitative research design, policy analysis, public-space observation, community engagement

RESEARCH & PROJECTS

Psychiatric Care Infrastructure Research | NYU CUSP Sep 2026 – Present
- Conduct interdisciplinary literature review on deinstitutionalization, repeat psychiatric hospitalizations, emergency response, and gaps in community-based care.
- Investigate how stigma, caregiver burden, and language barriers shape access to mental healthcare within South Asian immigrant communities.
- Compare academic and policy evidence to identify limitations in existing care infrastructure and opportunities for culturally responsive services.

The Legibility of Rest | MESH Arts × BioBAT Lightning Presentation Sep 2026
- Designed an urban accessibility concept using signage to help pedestrians locate seating, shade, drinking water, restrooms, and other rest amenities.
- Researched international age-friendly and climate-resilience precedents, including Barcelona climate shelters and Singapore rest-point initiatives.
- Presented practical barriers to NYC implementation, including split agency ownership, maintenance responsibility, and public-space equity.

Personal Portfolio Website | HTML, CSS, JavaScript, GitHub Pages 2026 – Present
- Built a responsive site uniting original artwork, short stories, poetry, multimedia, and academic writing in a single digital portfolio.
- Implemented interactive galleries, shareable deep links, chapter navigation, and browser-based reading progress for long-form work.
- Developed mobile-friendly media presentation and custom interfaces for navigating interdisciplinary creative and research projects.

PROFESSIONAL & LEADERSHIP EXPERIENCE

NYU Tandon AUSA | Social Media Manager Sep 2026 – Present
- Conceptualize, film, and edit student interviews, documentary-style short videos, and humorous reels about graduate school experiences.
- Coordinate digital promotion of student events and initiatives, supporting community-building and engagement across the CUSP cohort.
- Collaborate with student leaders and university staff on content planning, event coverage, and communication strategies.

Victory Step Education | Private Tutor May – Sep 2026
- Delivered individualized SAT, ACT, ISEE, mathematics, and English tutoring for elementary through high school students.
- Designed tailored lessons using diagnostic results, student learning needs, and progress toward academic goals.
- Helped multiple students improve SAT scores by approximately 200 points; supported sustained development in writing and reading skills.

Verisk Analytics | Software Developer Jan – Jul 2025
- Developed and maintained an internal application with frontend-backend integration in an Agile engineering environment.
- Authored unit tests across 50+ project files to reduce testing gaps, address technical debt, and strengthen reliability.
- Participated in sprint planning, code reviews, team stand-ups, and Azure DevOps workflows for collaborative delivery.

Code4Community | Software Developer Sep 2023 – Dec 2024
- Contributed frontend and backend functionality to Speak for the Trees, a civic-oriented environmental technology initiative.
- Collaborated with peers to translate project needs into application features and iterative implementation tasks.
- Participated in Agile team meetings, code coordination, and technical reviews to advance shared deliverables.

Northeastern University | Teaching Assistant, Algorithms & Data Structures May – Jun 2023
- Led weekly recitations on algorithm analysis, dynamic programming, graphs, and amortized complexity.
- Facilitated one-on-one and small-group instruction, helping students troubleshoot challenging technical problems.
- Provided course support to over 500 students through office hours, conceptual explanations, and problem-solving guidance.

ADDITIONAL HONORS, SKILLS & INTERESTS

Honors & Affiliations: Art Start Emerging Artist 2 Resident (2026) | NYU CUSP Rising Scholar (2026) | MESH Arts × BioBAT Lightning Presenter (2026)
Leadership & Communication: Public Speaking | Community Engagement | Event Planning | Digital Storytelling | Social Media Production | Creative Direction
Languages: Fluent Telugu | Conversational Spanish
Creative Practices: Creative Writing (Poetry & Short Fiction) | Visual Art & Illustration | Henna Design | Handmade Jewelry | Freestyle Rap & Spoken Word Performance
